Email:

In Australia, we as architects and designers are aware that Aboriginal and Torres Strait Islander peoples have long espoused the cultural, social, economic and environmental benefits embedded in the holistic relationship of Caring for Country.

We honour and pay respect to the land we work and build upon and all those that care for it past, present and future.

CLIENT'S VISION

ideals & aspirations

What is your ideal outcome & timeframe for this project?

What are your short term & long term goals for this project?

Please circle the importance of each item below from a range of 1-5.
(1 is not important and 5 is most important.)

Ideal Time frame

1 2 3 4 5

Quality of finishes

1 2 3 4 5

Project budget

1 2 3 4 5

Thermal comfort

1 2 3 4 5

Sustainability considerations

1 2 3 4 5

Needs (Absolute minimum that a renovation/build would need to contain)

Wants ("Extras" that the project could or may contain in perfect circumstances)

HOMEWORK FOR THE CLIENT

next steps...

This page is to be completed by the client.

- Start to collate a houzz or pinterest account – to make a record of finished houses or elements in houses which most closely resemble the kinds of things you would like to achieve.
- Make note of features of the house which do and don't work for you in your current environment or as you are going through design ideas > Share these with the designer in order to get specific about smaller details of the design as the process continues.
- Think about what you value in your home / lifestyle, which you would like to see in the new design.
- Please email the above collated material and this pre consultation brief to info@dhwdesign.com and our lovely team will issue a return brief within 2 weeks in response to your project requirements for client sign off.

We look forward to working with you,

Kind regards,

The Team
